Traffic Impacts Expected for Maple Avenue Overlay (Second Street to Pine Avenue)

Traffic will be impacted on Maple Avenue from Second Street to Pine Avenue to complete a pavement overlay. Asphalt grinding is scheduled for this Thursday, September 1 and Friday, September 2. Paving is scheduled for next Tuesday, September 6. This schedule is dependent on weather and any delays during construction. Expect traffic delays and temporary road/lane closures. Parking will not be allowed along this segment of Maple Avenue during this time. ADA and sidewalk improvements have been completed.

This project is funded by the City's Transportation Benefit District (\$35,000) and has been awarded a grant (\$305,000) from the Washington State Transportation Improvement Board (TIB) which is intended to support infrastructure improvements, improve safety and increase mobility through corridors.

If you have any questions or comments about this upcoming project, please write: City of Snohomish, Attn: Andy Sics, 116 Union Avenue, Snohomish, WA, 98290, email: sics@snohomishwa.gov or call 360-282-3174.

Applicants are being sought to fill a current vacancy on the City of Snohomish Design Review Board. Applications are due to the City Clerk by 4:00 p.m. on Friday, September 2, at City Hall, 116 Union Avenue in Snohomish.

The Design Review Board member term runs for four years. The Board considers and reviews rehabilitation and restoration of historic structures to encourage better design and site planning. Desired qualifications for Board members include an expertise in the fields of architecture, history, building trades, landscape architecture, graphic, interior, and industrial design, and/or land development.

Eligible applicants are those with an interest in the City as a result of either living, working, owning property or business in the City, and/or belonging to one of the City's civic organizations. All City board and commission members are volunteers serving without compensation.
