## "You Are Not Alone" (YANA)

The Snohomish County Sheriff's Office has launched "[You Are Not Alone](#)," a free service provided to residents of Snohomish County by volunteers who make regularly scheduled home visits or other contact with seniors or the disabled in Snohomish County. "You Are Not Alone" (YANA) is a resource for residents who live independently in their own home but do not have friends or family who can regularly check on them.

"The idea behind *You Are Not Alone* is to prevent emergencies for the county's most vulnerable residents living on their own," said Sheriff Ty Trenary. "The program is a proactive approach to public safety by connecting volunteers with people confined to their homes, reducing isolation and improving quality of life."

Once a person has registered with YANA, trained Sheriff's Office volunteers will make regularly scheduled telephone calls and home visits at prearranged times. If the participant does not answer the phone or the door at the prearranged time, a series of steps are followed to ensure the participant's safety and well-being, including sending a Sheriff's deputy to check on them.

Those interested in participating should [submit a registration form](#). Participation is free with the only requirement being that participants be able to answer the phone and provide at least one emergency contact.

For more information or to refer someone to the program, contact the YANA program at (425) 388-7375 or [YANA@snoco.org](mailto:YANA@snoco.org).
