

City Manager's Friday Newsletter

New Feature of Newsletter Designed To Keep Citizens Informed Regarding Upcoming Policy Issues for City Council

A new regular feature of the Friday Newsletter debuts this week with the box you see on this page titled "Upcoming City Council Agenda Items." This is designed to highlight significant policy discussions or proposed actions by Council that may have broad interest among the City's citizens.

While it is not intended to display all of the agenda items coming up on the next City Council agenda, this box is intended to include more impactful policy matters that are coming before the Council. The new feature also will include a link to the City's website for the Council agendas so that readers can immediately access the full staff report and any attachments that may be included in the agenda.

We hope this new feature will assist citizens by keeping them better informed of issues that may be of interest or will encourage them to attend a City Council meeting to offer comments about these items.

Upcoming City Council Agenda Items

May 7:

- Discussion of Updated City Strategic Plan (Review draft and set date for adoption)

The agenda list above is partial and tentative. For further information, click here for the City website:
