INCONSISTENT

Railings with sweat fittings and bright finishes.

C. Fences Exempt from Design Review

1. Picket Fences

Picket fences are defined as picket and board fences comprised of vertical boards not more than 3 ½-inches wide with spacing not less than two-inches, and no taller than four feet, with modulated ends.

2. Construction Fences

Construction fences are permitted for the purposes of site protection during construction activities, and shall be standing not more than one year, or for the duration of a building project.
