

City of Snohomish Youth Council Application

Thank you for your interest in the City of Snohomish's Youth Council. The purpose of the Youth Council is to be the eyes, ears and voice of the Snohomish youth with the intent of hearing all voices and finding the greatest good. We provide activities and amenities in the interest of young adults to improve life experiences and options in the City of Snohomish. The YC will provide resources and access to experiences that interest younger generations. We strive to be inclusive, embrace diversity have fun while being effective and making a positive impact.

The process for induction includes a vetting of all applications by the council itself, to make the recommendations to the mayor, who appoints new members, and must finally be confirmed by the City Council. If inducted, council members are required to commit to attend a 1-2 hour meeting, the first Friday of each month right after school, and serve a minimum of one year, up until graduation.

Participation may include, but is not limited to, attendance at Snohomish City Council meetings and as deemed appropriate, the Youth Council may be encouraged to drive policy changes at the local level by researching, drafting and presenting to the City Council. Youth Council members will also be invited to participate in a City celebration of committee accomplishments held in December.

As this program is still in its infant years, diverse leaders with a creative mindset are encouraged. City Council members, staff, teachers and community members will help to facilitate and support your vision, but the Youth Council will have the opportunity to work on issues that they deem are important to the young people of Snohomish.

Participants will have the opportunity to earn community service hours and develop skills and participate in experiences that will enhance college, scholarship and employment applications. Youth Council members may also receive a letter of recommendation for their service and develop relationships that may benefit them in the future.
